

- We do have mass on the 1st friday of every month including holy days such as All Hallow's Eve
- While we do require people to join in the mass, you do not need to be catholic to join the school
 - In fact, we actively accept those of different religions and backgrounds to join our school because forcing our religion upon others is not our goal, our goal is to provide future generations the best possible education
- We take bullying of others extremely seriously, especially bullying involving race and gender.
- We will make sure the student feels loved and welcomed into our community
